Birthday Party

Thank you for booking our Studio to celebrate your child's birthday. We want to make this day special for your child so make sure ask questions in advance and clarify what we can accommodate. To ensure an enjoyable experience for all we do have some rules in place to manage our STEM Studio which has lots of technology and equipment.

Set-Up / Guest Arrival

- The Studio opens 15 minutes before the start of your birthday party to allow for set-up and get settled
- A kitchen sink and counter is available, but no fridge
- Wall-safe tape may be used to hand up balloons or streamers (no pins)
- A separate table area will be available to put refreshments, pizza, cake, gifts, etc.
- Kindly bring your own plates, napkins, etc. to serve your guests (a Dollarama is in the plaza should you need anything)
- Parents are welcome to stay or drop-off and we ask that any younger students not participating be supervised by an attending parent
- 🔪 Please note our Studio is fully carpeted and we ask that everyone attending the party during winter months wear indoor shoes or go in socks. We vacuum and steam-clean our carpets regularly. Thanks for understanding.
